Scholarships

US State Department Critical Language Scholarships Are Open for Application

The Critical Language Scholarship (CLS) Program is a summer study abroad opportunity for American college and university students to learn languages essential to America's engagement with the world.

Most languages offered by the CLS Program DO NOT require applicants to have any experience studying critical languages.

It is part of a US government initiative to expand the number of Americans studying and mastering foreign languages that are critical **to national security and economic prosperity**. CLS plays an important role in preparing students for the **21st century's globalized workforce and increasing national competitiveness**.
