Summer 2022 STEM & Business Entrepreneur German Study Tour

Fifteen students [10 STEM and 5 Business & Economics majors] will be selected to participate in the 2022 program. The Program is sponsored by the Halle Foundation and operated jointly by Cultural Vistas and Morehouse College.

Since 2013, Cultural Vistas has provided Morehouse and Spelman College students and faculty members with a firsthand look at global prospects in the fields of science, technology, engineering, and mathematics. The STEM Learning and Understanding New Career Horizons (LAUNCH) tour of Germany is made possible through the generous support of The Halle Foundation.

The goal of the program is to encourage students from both Morehouse and Spelman Colleges to add an international experience to their educational path. A two-week professional and cultural tour of Berlin and Munich is scheduled every year at the end of the spring semester.

The Program is open exclusively to Morehouse Sophomores and Juniors who are US citizens. Please obtain the specific requirements from the Study Abroad / International Education Office. Application Deadline: Nov. 15, 2021.

If you need more information about business and economics majors, please contact Dr. Mona Ray at Mona.Ray@morehouse.edu. STEM majors should contact Dr. Ruihua Shen at Ruihua.shen@morehouse.edu.
