In certain covered emergency situations requiring inpatient hospitalization Generali Global Assistance can issue a guarantee of payment for up to $5,000 to facilitate cashless access while a direct payment relationship is initiated. Each claim is handled on a case by case basis.

*This is only a brief description of the coverage(s) available. The Policy will contain restrictions, limitations, exclusions and termination provisions.*
WHAT IS INCLUDED IN THE EVACUATION UPGRADE COVERAGE?

iNext offers two variants of Security Evacuation coverage; these are Standard and Enhanced. If your policy number “ST,” then you have Standard coverage; if it contains “E,” then you have Enhanced. For further details, visit www.inext.com/plans/security-evacuation/

Standard Evac: In the event of a covered Security or Natural Disaster scenario, Crisis 24/Drum Cussac will, on a best-effort basis, arrange for your evacuation from a safe departure point they designate to a safe haven of their selection. They will pay for your evacuation up to seven (7) days from the date of the official disaster declaration issued by the relevant host country. They will assist with and pay for ground, water and/or air transportation, as may be warranted, to a safe haven. There is an additional provision for Kidnapping/Ransom Negotiation. If evacuation becomes impractical due to hostile or dangerous conditions, they will maintain contact with you and advise until evacuation becomes viable or the natural disaster situation has passed. The decision to evacuate will be made by security personnel in consultation with local governments and security analysts and in accordance with the definition of Emergency Political Repatriation outlined in the policy.

Enhanced Evac: Provides all coverages included in the Standard variant and adds numerous benefits. These include (but are not limited to) Pre-Emergent Evacuation; Temporary Lodging/Forward Transit; Terrorism, Wrongful Detention; Extortion; Disappearance; Violent Crime, Man-Made Disaster and Pre-Trip Cancellation and In-Trip Interruption benefits.

WHAT DOES THE TRIP CANCELLATION AND INTERRUPTION UPGRADE COVER? (not available in all states)

If you purchased a Trip cancellation/Interruption upgrade to your policy, you will be reimbursed, up to the limit on the schedule of benefits, for non-refundable cancellation charges imposed by your travel supplier or airfare cancellation charges for flights arranged for your trip if you are prevented from taking your trip for the following covered reasons:

- Sickness, accidental injury, or death of the insured, traveling companion, or family member which results in medically imposed restrictions as certified by a physician
- Weather which causes complete cessation of services of the Common Carrier for at least 24 consecutive hours and prevents the insured from reaching their destination
- Unannounced Strike that causes complete cessation of services for at least 18 consecutive hours
- A Terrorist Incident that occurs within 30 days of your Scheduled Departure Date in a city listed on the itinerary of Your Trip
- Felonious Assault of You or Traveling Companion within 10 days of Schedule Departure Date

*Please note that Trip Cancellation/Interruption coverage is non-refundable after purchase*
*You must be a US Resident or have a Valid US address and be in the US at the time of purchase for coverage to be valid*

CLAIMS AND FINANCES

HOW DO I FILE A CLAIM?

You can easily file a claim with Co-ordinated Benefit Plans by mail, fax, or email. To obtain a claim form, see below to download the appropriate claim form at:
http://www.inext.com/forms/claims/

You should have the following information available to file a claim:

- Program Reference Number (listed on the back of the iNext Travel Card or Confirmation of Insurance) for your plan.
- What coverage type or benefit category the claim is under (e.g. Medical Expense, Baggage Loss, etc.)
- The date the covered treatment or loss occurred
- The amount that was paid (if applicable)

You should complete the claim form for accuracy, sign the form, and return it to Co-ordinated Benefit Plans along with any requested supporting documentation, such as original receipts, diagnosis, proof of travel (e.g., a copy of a flight itinerary), and primary insurance information.

It is important to remember to keep your receipts from doctor’s visits, pharmacy prescriptions and diagnosis records. These will be required by Co-ordinated Benefit Plans when you file a claim. All diagnosis forms should be translated into English if possible. One reason claims processing can be prolonged is due to lack of documentation. The better prepared you are, the faster the claims processing can occur.

Claims are processed as received. They will reach out via email if they need additional information. If they have the necessary documentation, they will process the claim and mail eligible expenses to the address provided on your claim form. Please allow up to 30 days for the receipt of the check. They do not send notification that a claim has been approved or that they have mailed a check. A trace can be placed on a check if not received in 30 days and a new check issued.

Completed claims forms must be completed and sent with the original itemized bills to the claim administrator within 90 days. Submit Claims or Inquiries to:

iNext Travel Risk Intelligence Portal

As the world hopefully begins to emerge from the COVID-19 pandemic and travel again becomes a possibility, the need for information will become more important than ever in terms of helping administrators and participants to take a proactive position toward planning and deploying programs abroad. To this end, iNext is pleased to announce the release of the new Travel Risk Intelligence Portal (TRIP) through our partnership with GardaWorld and Generali Global Assistance. This powerful tool functions in a desktop as well as app-based environment and is being made available cost-free to all iNext insureds and relevant institutional partner administrators. Linked in this document, you will find a PDF outlining the TRIP Features and Benefits, as well as the Registration and Profile Creation instructions. Please review each attachment to ascertain what the portal offers in terms of risk management and security enhancement.

All participants enrolled in an iNext travel/medical insurance plan will receive the Registration and Profile Creation PDF as part of the Welcome E-mail that is generated immediately at enrollment submission. You are welcome to use the Features and Benefits document as you see fit in things such as pre-departure orientations; however please note that it is not part of the Welcome E-mail packet due to bandwidth considerations.

iNext COVID Coverage
COVID is covered as any other illness subject to the policy limits and limitations.

UPDATE, 6/14/2022: Trip Delay due to Quarantine Benefit with the Rescission of the Requirement for Negative Pre-Departure COVID-19 test results for Airline Travel to the U.S. 
As of 12:01AM ET on June 12, 2022, CDC will no longer require air passengers traveling from a foreign country to the United States to show a negative COVID-19 viral test or documentation of recovery from COVID-19 before they board their flight.

The Trip Delay due to Quarantine was entirely predicated on being denied boarding of an aircraft for the return flight. This was why the asymptomatic positives were able to access that benefit. With the negative test requirement going away, so, too, will this benefit for the most part. The exception would be a symptomatic individual under a doctor’s care whereby documented medical opinion is restricting travel. There is no coverage for an “elective quarantine.”

• If symptoms are present, seek medical attention from a licensed professional (testing centers are approved). Save receipts if there is a cost and, ideally, obtain documentation of symptoms. File a claim for reimbursement with iNext through Coordinated Plan Benefits. Preventative/asymptomatic or exposure related testing is not covered.

• If the insured tests positive, they should follow the instructions given by local authorities. In most cases, this will require isolating in their room until symptoms abate. Aside from the eventual cost of follow up testing, there would be no additional claim forthcoming, as the insured is in the accommodations that they would be normally, thus there is no out of pocket expense.

• If hospitalization or other accommodations are deemed medically necessary by licensed authorities, then a medical case should be opened immediately with Generali Global Assistance. Assuming these costs would exceed USD $500, a direct pay relationship may be established with the attending facility. If costs are less than USD $500, then the insured pays out of pocket against a claim for reimbursement.

• While all iNext plan variants provide for the COVID-19 medical inclusion, the Comprehensive Plans also have a specific up to $250 per day, max 10-day Trip Delay benefit to cover usual, customary, and reasonable costs such as food and lodging. Examples of this would include unexpected quarantine upon arrival in a country that forced you to incur out of pocket expenses by not being able to access your scheduled accommodations. The same can be said on the departing end if you were unable to depart as scheduled. In addition, for trips that move from location to location, a medically mandated quarantine that took you off the established itinerary would be eligible. Again, being quarantined in your established and usual surroundings does not trigger this benefit.

Trip Cancellation/Interruption Coverage

- Available for individual participant purchase (see below)

There have been changes in the TC/TI environment since last year. Specifically, after 9/1/20, the election of this coverage must be done by the individual. School administrators, program leaders, and travel providers cannot enroll groups into TC/TI coverage. When the participant is enrolled into a base Travel/Medical protection plan, they receive a welcome email confirming coverage and extending the offer to purchase TC/TI on their own accord by selecting a

9/16/2022 12:28 PM
level and completing the transaction via credit card themselves. This is done through the Finalize Insurance link in the Welcome Email. They literally take ownership of that coverage at that moment, as a clearly stated condition of purchase is the acknowledgement that TC/TI protection goes into effect immediately and is non-refundable. - Felonious Assault of You or Traveling Companion within 10 days of Schedule Departure.

**Important TC/TI coverage note:** If a faculty-led trip is cancelled or interrupted due to an outbreak of COVID-19 at a destination this is NOT covered cancellation trigger; however, if an individual contracts COVID-19 AFTER purchasing TC/TI coverage and PRIOR to their departure from the U.S. and medical opinion states that the individual should not travel, then the sickness benefit trigger is met and coverage would apply.

*Please note that Trip Cancellation/Interruption coverage is non-refundable after purchase*

*You must be a US Resident or have a Valid US address and be in the US at the time of purchase for coverage to be valid*

**Coverage Billing for Groups – Faculty Program Leaders must process a check request or requisition to pay for their group’s coverage immediately upon receipt of invoice.**
